

22" Hand Sanitiser Network Android Advertising Display

Hand Sanitising Digital Signage

In areas where hygiene is key, and hand washing facilities are not available, these displays are ideal. They combine a hand sanitising station* with a versatile Digital Signage solution.

Contactless Usage

These displays come with a network upgrade and 1 year free subscription as standard so can be updated from our online CMS portal. They feature no external buttons or controls and have an automated on/off power timer to minimise contact following installation.

Free Network Upgrade & Subscription

24/7 Commercial Grade

3 Year Manufacturer's Warranty

Complete Steel Enclosure

Integrated Android Media Player

Automatic Dispensing

Easy Refill

Sanitiser Level Indicator

Compact and Lightweight Design

Optional Floor Stand

Other Features

3 Year Warranty

We offer a full commercial 3 year manufacturer's warranty and free lifetime technical support, giving you complete piece of mind.

24/7 Usage

This is a true commercial grade solution. Built using a commercial grade LCD panel and components it is designed to be in constant use.

Robust Steel Enclosure

This solution features a full metal enclosure making it perfect for any commercial or public environment, especially in locations where impact is a concern.

Optional Stand Available

The display can be wall mounted as standard or mounted onto a stylish floor stand, for easy portability. The modern stand also features an illuminated blue LED strip.

Online Content Management System

Using our user-friendly cost-effective software solution you can combine multiple media zones (images, videos, webpages etc.), social media feeds, scrolling text and RSS feeds for latest news.

Plug and Play

If your internet connection goes down these displays can also be updated by copying your images and videos onto a USB stick and inserting into the display. Your images and videos will then play in a continuous loop.

Fully Automated Dispensing

The fully automated design removes the need to touch the dispenser, simply place your hand under the dispenser and a measured dose sanitiser will be dispensed. The dispense valve is non-spray, non-clog and non-drip.

Custom Modifications

We can upgrade your display to have 4G connectivity, manufacture a touch screen version or even supply the display in different colours.
